Independent Verification Report

Prepared for Ember Infrastructure: February 27, 2025

Introduction

Ember Infrastructure engaged BlueMark to undertake an independent assessment of Ember Infrastructure Fund II's (EIF II) alignment with impact investing and ESG industry best practices and market standards.¹ BlueMark's Fund Impact Diagnostic (Fund ID) assessment conclusions are intended to provide EIF II with a summary of the extent of its alignment.

Fund ID assessment conclusions

BlueMark has independently verified the extent of EIF II's alignment with impact investing and ESG industry best practices. The result from BlueMark's assessment is as follows:

<p>PLATINUM 77/100</p>	<p><i>EIF II received a Platinum rating, obtaining 77% of eligible points:</i></p> <p>Funds receiving a Platinum rating consistently employ leading practices and align with industry standards across the four assessment pillars.</p> <p>EIF II's rating is valid until February 27, 2026. Assessment methodology and scope

Ember Infrastructure provided BlueMark with the relevant supporting documentation for the policies, processes, and tools related to impact and ESG at the Fund. The scope of BlueMark's work was limited to processes in place as of February 2025. BlueMark believes that the evidence obtained in the scope of its assessment is sufficient and appropriate to provide a basis for our conclusions.²

BlueMark's full assessment methodology, based on its professional judgment, consisted of:

1. Assessment of the EIF II in relation to impact investing industry best practices, using BlueMark's proprietary rubric and examining evidence related to the Fund's impact strategy, management, governance and reporting practices.
2. Interviews with EIF II's staff responsible for the impact and ESG approach at the Fund
3. Testing of selected EIF II's transactions to check the application of impact practices and systems; and
4. Delivery of assessment findings to Ember Infrastructure, outlining areas of strong alignment and recommended improvements, as well as BlueMark's proprietary benchmark ratings on the extent of alignment with impact investing industry best practices.

¹ The standards and frameworks used to inform BlueMark's assessment of each client's IM system and reporting approach include the Impact Management Project, the Operating Principles for Impact Management, the Principles for Responsible Investment, SDG Impact, and the Sustainable Finance Disclosure Regulation.

² The scope of BlueMark's assessment procedures does not include the verification of the resulting impacts achieved. BlueMark's assessment is based on its analyses of publicly available information and information in reports and other material provided by Ember Infrastructure. BlueMark has relied on the accuracy and completeness of any such information provided by Ember Infrastructure. The assessment results represent BlueMark's professional judgment based on the procedures performed and information obtained from Ember Infrastructure.

Fund ID assessment ratings approach

BlueMark's Fund ID assessment framework generates an overall rating, which is calculated by totaling the number of points and sub-ratings earned across each of the four impact assessment pillars of strategy, governance, management, and reporting.

Overall Fund Rating Criteria

Platinum (>75%)	Funds receiving a Platinum rating consistently employ leading practices and align with industry standards across the four assessment pillars.
Gold (51-75%)	Funds receiving a Gold rating implement most to all fundamental best practices across the four assessment pillars.
Silver (25-50%)	Funds receiving a Silver rating have implemented many best practices across the four assessment pillars but have not addressed certain fundamental aspects.
Bronze (<25%)	Funds receiving a Bronze rating implement few to no best practices across the four assessment pillars.
